CONSULTING SERVICES

We have over 35 years' experience of providing consultancy services, market research and market intelligence on key global plastics sectors.

Our insight and expertise can help you to navigate, innovate and grow your business by providing trusted high quality information.

“Very impressed by how quickly AMI were able to produce the single client study for us which allowed us to make a quick strategic decision”

Application Segment Manager,
Packaging, Mol Group

GROW YOUR BUSINESS BY:

- understanding how markets have changed
- discovering where they are heading
- identifying exciting market opportunities, new customers and innovative technologies

MAKE INFORMED DECISIONS WITH:

- **Due diligence and merger and acquisition analysis**

With strong technical and commercial due diligence we can support you with competitive analysis, profiling and reliable data for M&A.

- **Bespoke market research**

Tailored to your individual needs and with the strictest confidence to meet your timescales and budget.

- **Market reports and data**

Access a range of up to date market reports and data providing critical insight based on detailed research carried out by market experts.

THE DEFINITIVE RESOURCE FOR DOWNSTREAM POLYMER MARKET INFORMATION

Inform your business strategy with a complete view on demand and usage in key polymer applications and technologies.

Recycling and Sustainability

- Chemical Recycling, Global Status
- Flexible Polyolefin Recycling Europe - Capacity, Technology and Recyclate Usage
- Plastics Recycling in Europe - Capacities, Capabilities and Future Trends
- Rigid Medical Disposables
- Rigid Polyolefin Recycling Europe - Capacity, Technology and Recyclate Usage
- Single Use Plastics - The European Market
- The Global Plastics Recycling Industry 2020 - Capacities, Capabilities and Future Trends
- Top 50 Mechanical Recyclers in Europe 2020

Specialist Markets

- Artificial Grass - The Global Market
- Injection Moulding Industry Europe - Industry Value, Structure & Dynamics

Raw Materials

- Polymer Demand in Europe
- Polymer Demand in Africa
- PE Markets in Europe
- PP Markets in Europe

Industrial and Agricultural Packaging

- Polyethylene Films - The Global Market
- Palletisation Films - The Global Market
- Agricultural Films - The Global Market
- Agricultural Films market in Europe
- Palletisation Films in Europe
- Collation Shrink Film in Europe
- Heavy Duty Sacks in Europe

Compounding and Masterbatch

- Global Compounding Machinery Markets
- Thermoplastic Masterbatch - The Global Market
- Thermoplastic Concentrates in North America and Canada
- The Global Market for PP Compounds
- Long Fiber PP Compounds - The Global Market
- PP Compounds in Europe
- Masterbatch Markets in Europe
- Masterbatch Markets in Asia
- Masterbatch Markets in Latin America

Polymer Distribution

- Polymer Distribution in North America
- Polymer Distribution in Europe

Consumer Packaging

- Thin Wall Packaging - The Global Market
- Single Serve Beverage Capsules - Global Market Overview
- High Barrier Rigid Plastics Packaging - The Global Market
- BOPET Films - The Global Market
- BOPP Films - The Global Market
- CPP Films in Europe
- High Barrier Flexible Films for Food Packaging - The Global Market
- Stand Up Pouches - The Global Market
- Blow Moulded Bottles in Europe
- Caps and Closures Market in Europe
- Thin Wall Packaging Markets in Europe
- The European Flexible Packaging Industry: Top 50 Converters

Energy and Infrastructure

- Polymeric Materials in the Global Cable Industry
- Polymeric Materials in the European Cable Industry
- Single Ply Roofing Membranes in Europe
- Steel Pipe Coating - The Global Market
- Material Usage in Wind Turbine Blades - The Global Market
- Plastic Hot and Cold Water Pipe Systems in Europe
- Plastic Pressure Pipes in Europe
- Gravity Pipes in Europe

POLYMER DEMAND DATA

GROW YOUR BUSINESS WITH TARGETED DATA AND STRATEGIC INFORMATION

The Polymer Demand dataset is designed to provide you with key information to quickly and efficiently develop your business strategy.

- Get granular market data and intelligence to support business planning or investment projects
- Identify the size and structure of demand in order to discover where market opportunities lie and adjust strategies accordingly
- Understand plastics industry dynamics which are increasingly under the spotlight as circular economy concerns intensify

The dataset is supplied as a downloadable Excel spreadsheet with an enterprise-wide licence agreement.

“AMI’s analysis of plastic markets offers scope and detail not easily found amongst data providers. AMI has made careful effort to break down plastic markets to levels needed to accurately use in commercial decision making.”

Amar Carmody,
Market Intelligence Europe
Braskem

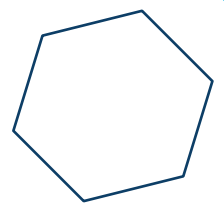

AMI's Polymer Demand dataset provides virgin resin volumes at country-level for polymers, end-use application groups, processing techniques and regions.

Regions

- Africa
- Asia
- Europe
- Indian Subcontinent
- Middle East
- North America
- South America

Polymers

- LDPE
 - LLDPE
 - HDPE
 - PP
 - PVC
 - PET
 - EPS
 - GPHIPS
 - ABS
 - PA
 - PC
 - PBT
 - POM
 - PMMA
- 

Processing Techniques

- Blow moulding
- Cable/wire extrusion
- Fibre extrusion
- Film extrusion
- Injection moulding
- Pipe extrusion
- Profile extrusion
- Rotational moulding
- Sheet extrusion

Applications

- Agriculture/horticulture
- Automotive and transport
- Building and infrastructure
- Consumer goods
- Electrical/electronic
- Flexible consumer packaging
- Flexible industrial packaging
- Furniture
- Medical/hygiene
- Rigid consumer packaging
- Rigid industrial packaging
- Toys

Looking for specific data?

If your data requirements are not covered above, contact us with the regions, markets, processes or polymers of interest and we will find the most relevant information for your business.

DATABASES

“For us, AMI databases are very useful, especially to contact clients in new markets.”

Marketing Manager,
REPSOL, S.A.

DATABASE COVERING OVER 20,000 PLASTICS PROCESSORS

Processes

- Blow moulding
- Cable extrusion
- Compounding
- Film and sheet extrusion
- Injection moulding
- Masterbatch
- Pipe extrusion
- Profile and tube extrusion
- Recycling
- Rotational moulding
- Thermoforming

End use applications

- Agricultural
- Automotive
- Electrical
- Flexible and rigid packaging
- Infrastructure and construction
- Medical

Regions

- Africa
- Asia
- Europe
- Middle East
- North America
- South America

STAY COMPETITIVE WITH GLOBAL PLASTICS DATA

Instantly access full profiles of compounders, extruders, moulders and recyclers with information supplied in Excel format.

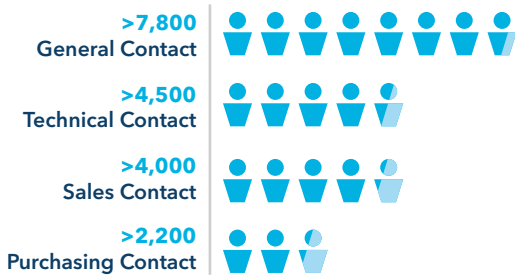

What are the benefits?

- Gain qualified key insight into each plastics converter
- Quickly find key companies of interest with capability to search by regional, polymer, market, product and machinery criteria
- Easily identify key decision maker contacts
- Instantly access data on any Microsoft device
- Export verified data into your CRM for marketing and sales purposes

Site information

- Company contact details
- All commodity and engineering polymers used as well as total polymer consumption per year
- All end use markets supplied
- Machinery data
- Company specialisation (main polymers processed, main markets supplied)

ACCESS MANAGERIAL CONTACTS EASILY

AMI

AMI's Directory of Injection Moulders in Germany

3D SCHILLING GmbH
Mühlweg 4
59708 Sunderhausen
Tel: 03632 522 730
E-mail: info@3d-schilling.de
Website: www.3d-schilling.de
ISO Registration: ISO 9001
Moulder type: Custom
Polymers Processed: PS, ABS, POM, PA, PC, PBT, All Thermoplastics.
Markets served: Automotive, Toys, Components for Packaging Industry, Technical Components for Various Industries.
Services offered: Tool Design, Tool Manufacture, Twin/Multi Shot Moulding, Printing, Prototypes.
Number of machines: 17
Minimum lock: 25
Maximum lock: 200
Minimum shot: 1
Maximum shot: 400

3D-PLASTIC HAARS KINTHA GmbH
Eintrachtstr. 92
41199 Mönchengladbach
Tel: 02166 43133
E-mail: info@3d-plastic.de
Website: www.3d-plastic.de
ISO Registration: ISO 9001
Moulder type: Custom
Polymers Processed: PA.
Markets served: Connection & Adjustment Elements for (Office) Furniture Producers, Building & DIY Supplies, Display Construction, Electrical & Electronics Manufacturers, Medical & Rehab Technology, Equipment, Exhibition Fittings, Mechanical Engineering Toys, Metal.
Services offered: Tool Design, Tool Manufacture, Insert Moulding.
Number of machines: 14
Minimum lock: 25
Maximum lock: 100
Minimum shot: 65
Maximum shot: 220

3M DEUTSCHLAND AG
Espe-Platz, 42229 Seeffeld
Tel: 04152 700 0/800 2753 773
E-mail: info@3mespe@3m.com
Website: www.3mespe.de
ISO Registration: ISO 9001
Moulder type: In House
Polymers Processed: PC/PM.
Markets served: Medical, Medical Devices, Dentistry.
Number of machines: 10

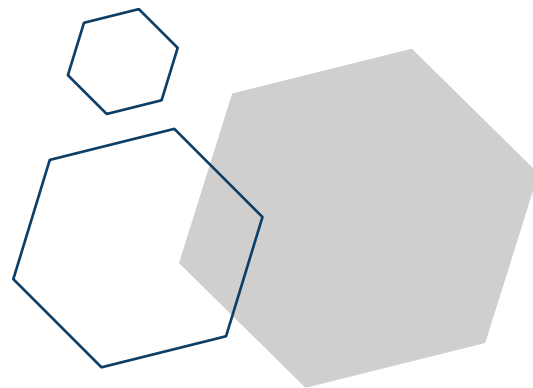

3P PRÄZISIONS-PLASTIC-PRODUKTE GmbH
Gewerbegebiet Süd 7
39443 Föhrdenstedt
Tel: 039266 938 0
E-mail: info@3p-plastic.de
Website: www.3p-plastic.de
ISO Registration: ISO 9001
Moulder type: Custom
Polymers Processed: PS, SAN, ABS, LDPE, HDPE, PP, Bioreins, PA, PC, PBT, PA6, PA66.
Markets served: Automotive, Automotive Interior, Automotive Under the bonnet, Licence Plate Holders, Clips, Control Modules, Supports, Electrical/Electrical Gear, Electrical Components, Electronics, Microphones, Headphones, Sound/Acoustic Systems, Mobile Accessories, Furniture, Handles for Windows, Door Knobs, Cable Clips, Handles & Legs for Furniture, Office Accessories, End Caps.
Services offered: Tool Design, Tool Manufacture, Twin/Multi Shot Moulding, Printing.
Number of machines: 43
Minimum lock: 20
Maximum lock: 700
Minimum shot: 1
Maximum shot: 800

A. B. T. KURSTOFF GmbH
Wittenburger Str. 1
15209 Rerzow
Tel: 038874 23434
E-mail: info@at-kurstoff.de
Website: www.at-kurstoff.de
Moulder type: Custom
Polymers Processed: PS, SAN, ABS, LDPE, LLDPE, HDPE, PP, PC/PM, PA, PMMA, PC, PPE, PEK, PET, PBT, PSU, IPES, PA6, PA66, PA11, PA12, EVA.
Markets served: Packaging, Crates/Boxes, Crates & Lids, Medical, Medical Containers, Building Furniture, Sanitary, Mechanical Engineering, Technical Components for all Industries.
Services offered: Tool Design, Tool Manufacture, Insert Moulding, Printing.
Number of machines: 6
Minimum lock: 35
Maximum lock: 420
Minimum shot: 1
Maximum shot: 2400
